I am Khanyisa Matha.....

I am Khanyisa Matha, I was born on the 25th of February 1987 in Alice. I grew up in a village called Qomfo location in the outskirts of Middledrift in the hands of umamthonyane. I completed my schooling at Hlamandana S.S.S in Bizana. Growing up I lost my father who adopted me but my mother stood strong as she was a praying woman it wasn't easy for her she got her strength in the bible I learnt to trust in God seeing her become so strong even though she lost a big part of her. I completed programming certificate in 2012. I enrolled at Unisa for B.Ed foundation phase studies this year currently doing that. Through all my trials through live, Giving up wasn't an option. I am here to empower these lovely souls and I hope to be their role model and teach them computer skills, and Cami English and Maths. My wish for all the learners are to be enlightened because I'm going to do what I do best which is my best.....

Welcome to our Lab Facilitator

Official opening of Sifunda Kunye book club at our School

TOISE SSS CHESS CLUB 2017

Well done to our chess club members for winning a chess competition against Peddie SSS

TOISE SSS Reading club 2017

SIFUNDA KUNYE COMPUTER LAB AT TOISE SSS offers Cami Maths & Reader

CAMI Maths -

Confidence is a key factor to success in maths and confidence comes through mastery. In maths, learners must master each skill in order to progress proficiently to the next, more advanced skill. When this incremental learning is not achieved, gaps in mathematical knowledge can occur which may compromise the learner's mathematical development for life.

CAMI Education has been the front runner in Computer Aided Maths Instruction since 1984. Our successful after hours maths program led to the development of CAMI Maths - a comprehensive, curriculum compliant software system for learners aged 5-18. CAMI Maths helps learners to avoid learning gaps.

Benefits :

- It is the fastest maths system in the world, enabling students to do more sums per minute than any other system. Results are provided quickly and accurately. Children who progress quickly are, or become, eager, self-motivated learners.
- Learners can visit and re-visit concepts not yet fully understood. This gives them the opportunity to master and retain the knowledge needed to further their mathematical learning.
- The Autopilot feature intelligently adapts the exercise content and difficulty according to the student's performance. This ensures that students are given calculations which are challenging yet manageable.
- Learners progress at their own pace.
- Students are able to reinforce and test their own understanding while increasing their speed and accuracy in problem solving.
- Assessments are grade-defined.

CAMI Reader

Reading is the foundation of all intellectual learning. CAMI Reader is a complete reading and language system for learners aged 5-18 years.

Benefits :

- Focuses on the development of new reading techniques and the expansion of language usage.
- Increases reading speed by training the learner to read groups of words instead of one word at a time.
- Facilitates the integration of other learning areas with reading - an important requirement of outcomes-based education.
- Assists the learner in the transition from reading aloud to silent reading.
- Helps to improve the students concentration and his/her understanding of what has been read.

SIFUNDA KUNYE
LAB AT TOISE SSS

Welll done Toise SSS....

Mr. Ntabeni, deputy principal receiving a token of appreciation from Old Mutual on behalf of the school, Our School received a prince for being amongst the best performing school in Old Mutual partnership initiatives.

School motivation from our locals, to study harder 2017.

Toise SSS visit Sci-fest 2017 in Grahamstown.

All the Science pupils from Toise would like to thank all the teachers and parents for making this day so educational and fun...

Sifunda Kunye computer literacy classes 2017

Presented by Lab Facilitator Khayinisa

Sifunda Kunye Sport Tournament

5 August 2017, our school attended the Sifunda Kunye Rugby & Netball Tournament in Zwelitsha. Sporting codes were Rugby Boys and Girls Netball. All Sifunda Kunye partner school in the King Williams Town area competed against each other in a friendly tournament.

We would like to thank the organisers of this tournament and congratulate our pupils for 3rd position in netball and 1st position in Rugby

Sifunda Kunye would like to thank all partner school for coming and supporting all partner school learners during the tournament.

Innovative Writing Camp Empowers Learners

Seventy learners from four area schools explored creativity, learning, and self-expression in an intense writing camp over the weekend. The camp was sponsored and hosted by the Sifunda Kunye Educational Project, a local public benefit organization that has been active in the King Williams Town district since 2008.

Sifunda Kunye invites 10 to 15 learners from each of its partner schools in the King William's Town District and Grahamstown district participate in these camps. This past weekend, learners from St. Matthew's, Xolani, Richard Varha, Toise and Hendrik Kanise combined Schools spent an intense 3 days (Friday-Sunday) focusing on a specific theme, completing personal works, and submitting them for peer critique. This session's theme was "Dreams are made of..." and learners were encouraged to express what dreams and ambitions means to them in essays, poems, and group discussions and drama. Participants received guidance from a talented group of volunteer facilitators, student leaders, and the Sifunda Kunye staff. Participants submit their work for inclusion into a published student journal at the end of the camp. The journal is a unique opportunity for many to see their work in print.

Learners and teachers are continually impressed with the writing camps. Participants relish the opportunity to engage in an in-depth weekend of imaginative learning. They enjoy improving their language and writing skills in a fun and creative venue outside of the classroom. Teachers enjoy witnessing the progress these young writers make over the course of a weekend.

The Sifunda Kunye Literacy Project's writing camps have been successfully running since they first launched in August 2014. Sifunda Kunye is a non-profit that relies on donations and grants to support its literacy and technology programs in Eastern Cape schools.

Thank you to St Matthews High School for hosting our writing club this year.....

Sifunda Kunye Sport Tournament

Toise SSS took part in Sifunda Kunye 2017 Soccer tournament on the 6th of May, the tournament was hosted at Zwelitsha sports grounds. We had a fun sporting day with our Sifunda Kunye partner schools. Toise SSS would like to thank Sifunda Kunye and the organizers for this lovely day. Congratulations to our soccer teams our boys team achieved 4th place and our girls team achieved 3rd place.

Mrs & Mr Toise SSS 2017

On the 16th of August 2017 Toise SSS played against Mdantsane Sophathisana High School on our home ground.

Results were as follows:

Netball scores team a _ Sophathisana 14 Toise 8

Team b_ Sophathisana 6 Toise 12

Team c_ sophathisana 8 Toise 6

Rugby

Team a_ Toise 28 Sophathisana 0

Team b_ Toise 20 Sophathisana 0

Soccer

Team a_ Toise 0 sophat 0

Rest In Peace Mihlali

It is with great sadness that we had to say goodbye to one of our own. Mhlali Nkholi was one of our grade 10 pupils at Toise Senior Secondary School. Learners, parents, teachers, SGB, paid tribute to Mhlali in a memorial service held at our school. *RIP Mhlali Nkholi.*

Tributes by fellow Grade 10 classmates

"Our lives were divided, insipid before we met you. Dazzling after the fortune of having conquered your love. We shall never let this feeling erased in our hearts.

These little hearts stay radiant when we remember your multitude of qualities, your virtues and so we love and adore you.

You were astoundingly beautiful and we feel truly grateful upon receiving this great blessing that was your love. As you leave be sure we look carefully at the sky."

MAY HER SOUL REST IN PEACE

"He who had began a good work will carry it into completion" Philippians 1:6

Grade 12 Farewell 2017
