2020

Editor: Jolande Swartz

Due to COVID 19 the school has focused on academics and not extra mural activities, this is also in line with lockdown regulations for our country. We have done a combined newsletter for the entire year.

2020

November 2020

This year has proven to be a great challenge for the entire world. With so much at stake and so many lives at risk this is definitely the year that will go down in the history books as the year that changed the world.

With the year coming to an end and the grades have attempted to make up for lost time, we wish all grades including the class of 2020 all the best for their finals.

Our school including our partner Sifunda Kunye has done everything to ensure safety protocols are in place for this year to do our part in curbing the spread of Covid 19.

Hoping that 2021 will be a COVID19 free year and live would resume slightly more normal.

Wishing everyone a merry Christmas and a prosperous 2021.

2020

In loving memory of Dr V.M. Ngoqo

On behalf of Sifunda Kunye partner schools we hereby join Toise Senior Secondary School in mourning the passing of their former headmaster, Dr V.M. Ngoqo.

Dr Ngoqo was one of our partner principals under the Sifunda Kunye/ Calabar

Foundation. Dr Ngoqo dedicated many years of his life in the pursuit to better the

education of the African child. His commitment, dedication and leadership will be remembered and appreciated by all those who have had the privilege of being associated with him. He was a strong leader and leaves a lasting legacy, not only in Toise, but in the Department of Education as a whole.

Our most heartfelt condolences go out to the Toise community and his family during this difficult time. May his soul rest in eternal peace.

18 October 2020

renovation and removal of the asbestos

On behalf of the school and local community we would like to thank old mutul for the removal of the old asbestos roof and replacing of the new roof to our office, computer lab classes and staff room.

Learners had a lot of fun and all schools played their best!!!!!!!!!!!!!!

The results of this tournament was:

SOCCER:

- 1st Place Toise SSS
- 2 nd Plae Hendrik Kanise
- 3 de place Richard Varha
- 4th place Xolani SS
- 5th place St Matthews High School

NETBALL:

- 1st Place St Matthews High School
- 2nd place Hendrik Kanise
- 3de place Richard Varha
- 4th place Toise SSS
- 5th place Xolani SSS

All Sifunda Kunye partners school are looking forward to the next tournament that will be hosted in May.

Our new prefabs

During term 1 our school was furnished with prefabs that will be assisting our volumes of children to have their own classrooms. This is life changing for our school and learners in terms of space and improved learning environmental conditions.

Visit Mr Andrew Summers

On the 19th of February 2020 Sifunda Kunye funder Mr Andrew Summers and quest doctor Keiko visited our school. Mr Summers is responsible for bringing technology alive at our school. Mr Summer s has been changing lives of rural school learners in the Eastern Cape for longer then a decade. Without Mr Summers support we would not be able to have our grade 12 revision camps, our Cami English and Maths classes. Our learners also benefit with different initiatives driven by Sifunda Kunye project. 21 of our learners will be completing Gold in the first weekend of the school holiday. Many thanks to Mr Summers for making all this life changing experiences possible for so many learners.

Our School History

The school was founded in 1981 by the Ama Gasela community living at Noncampa Location. Noncampa Location is a village about 10 kilometres from King Williams town in the Buffalo City Metropolitan Municipality. The school was named after the Chief Toise. It started as a Junior Secondary School with the late Mr H.N. Ngxowa as the first principal. In 1990 the school was upgraded to be a Senior Secondary School with Mr V.S. Ntlebi becoming the first principal. Between 1996 and 2001, Mr Muluse was the principal. The school starts from Grade 8 up until Grade 12.

The school is easily accessible from all sides of the village. There is both a clinic (primary health care centre) and a church in close proximity to the school.

Community Profile

The community is made up of mainly the elderly and unemployed people with the unemployment rate standing at around 70%. The people in the village depend on old age pensions, traditional and subsistence farming. Even though the community faces such economic challenges, they are still supportive of the school.
